
THE TEACHERS HEALTH EARLY CAREER SCHOLARSHIP

2020 INFORMATION KIT

The Public Education Foundation's Teachers Health Early Career Scholarship supports public school teachers in the first three years of their career. The scholarship provides \$10,000 to spend on approved professional development / professional learning. The scholarship may be spent on a single professional development course, including approved overseas courses with travel, or on a set of professional learning activities.

Teachers Health was created by teachers for teachers over 60 years ago – the only health fund built from day one to benefit the education community. Today, Teachers Health looks after over 330,000 teachers, education staff, and their families around Australia. As a not-for-profit fund and Australia's largest industry-based health fund, Teachers Health puts people before profits and offers the best possible value to its members. They also give back to the education community, through scholarships, sponsorships and health and wellbeing programs.
